SKIN

RECOMMENDED FOR: 40+

RESTORES 40% LOST ELASTICITY IN JUST 4 WEEKS!^{A3}

Supercharge your skin with Patented AspartoLift technology, Buddleja Plant Stem Cell extract and Patented Tri-Peptide Technology.

^{A3} Clinically tested using full Novage Ultimate Lift Set VS cleanser and day cream alone.

RECLAIM YOUR FACIAL CONTOUR

With years passing, the skin's ability to synthesise collagen and elastin diminishes.

That results in loss of firmness and contour definition. Patented AspartoLift Technology rejuvenates the skin's natural collagen and elastin production to improve its firmness and elasticity and promote more lifted and defined facial contours.

Patented Tri-Peptide Technology boosts collagen production to reduce wrinkles. **Buddleja Plant Stem Cell Extract** helps protect collagen from deteriorating and neutralises free radicals to help slow down skin ageing.

The patented technology works like retinol, but without the unwanted side effect.

NovAge Ecollagen Wrinkle Power is powered by patented **Tri-Peptide Technology**, which boosts collagen levels, **Low Molecular Weight Hyaluronic Acid**, which plumps the skin with moisture and **Edelweiss Plant Stem Cell extract**, which helps to guard both collagen and hyaluronic acid against degradation.
